

Behind The Cover Page

committed to continuous and sustainable growth of itself with the help of its shareholders, customers, partners, employees and the society at large. Human needs are a driving force for innovation at Cian. By understanding the hierarchy of needs a goal directed behaviour of the company is achievable and is definitely a continuous process. The hierarchy of needs is a well known theory of psychology which is a classic pyramidal depiction of human motivation. The needs at lower level are satisfied prior to the needs high up. We say Cian is "meta motivated" i.e. to go beyond the scope of basic needs and strive for constant betterment of the lives of people. With this in mind each of our brands have a different story .

We place **AMRUTDHARA** oils and **CIAN SPICES** as basic physiological needs.

The next level is safety and security needs **amrino** and **Klaren** are placed here for healthcare and sanitation needs.

Once an individual rises above these levels relationships and a sense of belongingness are of utmost importance to him

the bath and body products range are sure to give a beautiful skin and an impressive persona.

Rising up one more level prestige needs develop a concern . People often engage in activities to gain recognition. These actions give the person a sense of contribution **NEU** is an eco-friendly venture of detergents and home care range made by replacing petroleum origin raw material with sugar. Thus an esteemed initiative.

Self actualisation in today's definition is realization and giving back to the society that gives us endlessly. In a move to achieve this we extract amino acid from human hair which goes in the bio-fertilisers and micronutrients bottled under

which improves farmers' yield and in turn empowers the most significant part of the Indian Economy.

Creating best brands over the decades.

MESSAGE FROM THE MANAGING DIRECTOR'S DESK

Dear Shareholders

Current Scenario

Fast moving consumer goods (FMCG) are the 4th largest sector in the Indian economy. There are three main segments in the sector – food and beverages which accounts for 19 per cent of the sector, healthcare which accounts for 31 per cent and household and personal care which accounts for the remaining 50 per cent.

The sector is projected to grow 11-12 per cent in 2020. It witnessed growth of 16.5 per cent in value terms between September-December 2018; supported by moderate inflation, increase in private consumption and rural income. It is forecasted to grow at 12-13 per cent between April– June 2019. FMCG's urban segment is expected to have a steady revenue growth at 8 per cent in FY 19-20 and the rural segment is forecasted to contribute 15-16 per cent of total income in FY 19-20.

Growing awareness, easier access, and changing lifestyles are the key growth drivers for the consumer market. The focus on agriculture, MSMEs, education, healthcare, infrastructure and tax rebate under the Union Budget 2019-20 is expected to directly impact the FMCG sector. These initiatives are expected to increase the disposable income in the hands of the common people, especially in the rural area, which will be beneficial for the sector.

Spices, Infrastructure Sector, Home care products and Healthcare & Hygiene Sector has witnessed strong expansion into existing and new regions of the country. The Company is now a gradually evolving into a Fast Moving Consumer Goods distributor company.

Industry Structure & Developments

The FMCG Industry continues to see robust growth as a consequence of continued economic progress. We expect therefore that the Foods business which is the primary focus of your Company will continue to show strong momentum driven by new consumers entering these categories.

Key to capturing the benefits of this economic growth will be on the one hand distribution capabilities to reach out to consumers across the breadth of India and on the other a low cost structure in terms of Capital and Operating Costs. This will enable Companies to benefit from the scale of acquiring millions of consumers at the entry level while also using the scale to deliver innovation to improve Margin.

Opportunities

The continued growth of the FMCG market represents an enormous opportunity for a steady growth in Revenues and Profits.

To capture this opportunity, your Company has steadily built up a powerful portfolio by adding various variants in Spices range which are registering steady growth enabling your Company to maintain a Revenue CAGR of c 17% over the last decade. Going forward, the intention is to continue to grow the current businesses while accelerating growth through entry into new but related categories where we believe we have competitive advantage and a "right to win".

In the light of the financial turmoil in the developed countries and subsequent impact in India and more specifically in the Commodity prices your Company has taken steps to strengthen its position and seek out opportunities in adversity. The approach has been on containing costs and growing brands.

The Company has been taking measures to keep its brands relevant to the customers and also ensuring that they remain competitively priced. It is also exploring all possible avenues to reduce costs of inputs and raw materials without compromising on the quality of the product.

Threats & Challenges

For the FMCG industries especially for the edible oils division, the biggest challenges being faced are now are policy related. As edible oils are not governed by the antidumping regulation and with consumption far superseding domestic production, imports are a necessity in this industry. As a result of which margins of edible oil manufacturers and refiners are quite low. Your company is taking necessary steps to address this issue.

Business segments like Spices products and Healthcare products are highly competitive with several larger multi-national companies now present in India with world renowned brands. Competing for a piece of the pie will be an uphill battle, but it is one your company is well geared to take on.

Road Ahead

Rural consumption has increased, led by a combination of increasing incomes and higher aspiration levels; there is an increased demand for branded products in rural India. The rural FMCG market in India is expected to grow to US\$ 220 billion by 2025 from US\$ 23.6 billion in FY20. In FY20, FMCG's rural segment contributed an estimated 10 per cent of the total income and it is forecasted to contribute 15-16 per cent in FY 20.

On the other hand, with the share of unorganised market in the FMCG sector falling, the organised sector growth is expected to rise with increased level of brand consciousness, also augmented by the growth in modern retail.

Online portals are expected to play a key role for companies trying to enter the hinterlands. The Internet has contributed in a big way, facilitating a cheaper and more convenient means to increase a company's reach. It is estimated that 40 per cent of all FMCG consumption in India will be online by 2020. The online FMCG market is forecasted to reach US\$ 45 billion in 2020 from US\$ 20 billion in 2017.

Audit and Internal Controls

An extensive program of internal audit conducted by the internal audit team, reviewed by the Audit Committee, and requisite guidelines and procedures augment the internal controls. The internal control system is designed to ensure that financial and other records are reliable for preparing financial statements and other information. These procedures ensure that all transactions are properly reported and classified in the financial records.

Human Assets

Success of any organization depends upon the engagement and motivation levels of its employees. In Human Resources, our emphasis is to give autonomy to people at different levels and create a sense of ownership in order to unleash their potential

The Human Resources Department is playing an important role in achieving the overall business objectives by creating a vision, building capability amongst people and more importantly, with a view to motivating and retaining talent and providing growth opportunities for them in their respective work areas, identified talent has been given new challenges through engagement, mobility and special projects.

Forward Looking Statement-Cautionary Statement

Forward-looking statements in the 'Management Discussion and Analysis' section are based on certain assumptions/expectations of future events and are stated as required by applicable laws and regulations. Actual results could differ materially from those expressed or implied. Major factors that could make the difference to the Company's operations could be agro-climatic conditions, government policy, domestic & international market conditions and such other factors, which are beyond control of the management.

Part of Annexure E**Auditor's Certificate on Corporate Governance**

To,

The Members of

CIAN AGRO INDUSTRIES & INFRASTRUCTURE LIMITED

I have examined the compliance of conditions of Corporate Governance by CIAN Agro Industries & Infrastructure Limited, for the year ended on 31st March 2019, as stipulated in Regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C, D and E of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the Listing Regulations) and the Listing Agreement of the said Company with Stock Exchange.

The Compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination has been limited to a review of the procedures and implementations thereof adopted by the Company for ensuring compliance with the conditions of the certificate of Corporate Governance as stipulated in the said clause. It is neither an audit nor an expression of opinion on the financial statements of the Company.

1. In our opinion and to the best of our information and according to explanations given to us, and the representations made by the Directors and the Management, I certify that the Company has complied with the conditions of Corporate Governance as stipulated in Regulation 17 to 27 and Clauses (b) to (i) of sub-regulation (2) of Regulation 46 and para C, D and E of Schedule V of the Listing Regulations for the respective periods of applicability as specified under paragraph 1 above, during the year ended March 31, 2019, except for the observations made under the Secretarial Audit Report.

Independent Auditor's Report

**To the Members of
CIAN Agro Industries & Infrastructures Limited
Report on the Standalone Ind AS Financial Statements**

OPINION

We have audited the accompanying (Standalone) financial statements of **CIAN Agro Industries & Infrastructures Limited** which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss, Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including Ind AS, of the state of affairs of the Company as at March 31, 2019, and its Profit & Loss and its Cash Flow for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the SAs specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of the financial statement section of our report. We are independent of the company in accordance with the code of ethics issued by the ICAI together with the ethical requirements that are relevant to our audit of the FS under the provisions of Companies Act 2013 and the rules there under and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the FS of the current period. These matters were addressed in the context of our audit of the financial statement as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters (KAM)			
Sr. No.	Description of Key Audit Matter	Why the matter was considered to be one of most significance in the audit	How the matter was addressed in the audit
1	Investments in shares of subsidiaries: The investments are carried at the cost less impairment provision, if any. The Company is responsible for assessing the investments for any indicators of impairment. However, in the light of proposed merger of subsidiaries the management has considered it prudent not to provide for the impairment.	As at 31st March 2019, the carrying value of investment in subsidiaries was Rs. 1311.08.00 lacs (as at 31st March 2018: Rs.1323.69 lacs), as given in Note 3 of the Financial Statements. These investments form 10.73% (14.31%) of the total assets of the Company, and are hence considered to be of one of most significant matters in the audit.	We have verified the existence and the rights of the Company on the investments in shares of subsidiaries. The Company has initiated a plan of merger of its subsidiaries viz Jai Ram Infra ventures Pvt. Ltd and Puri Agro tech Ltd. with itself as such, management considers the Investment in subsidiary companies as unimpaired. We have reviewed the management's process of identifying indicators of impairment of investments.
2	Inventory of stores and Spares.	As at 31st March 2019, the carrying value of Inventory of stores and spares was Rs.2859.72 lacs (as at 31st March 2018: Rs.34.19 lacs), as given in Note 7 of the Financial Statements. These investments form 23.41% (0.37%) of the total assets of the Company, and are hence considered to be of one of most significant matters in the audit.	We have verified the documents of ownership of the items listed under stores and spares. As mentioned in Note 2(a) of Annexure A to the Independent Audit Report, the physical verification of the inventory has been carried out and certified by the management. We have verified the valuation of the inventory which is in line with the accounting policy of the Company.

Sr. No.	Description of Key Audit Matter	Why the matter was considered to be one of most significance in the audit	How the matter was addressed in the audit
3	Non-Current Liabilities : Secured Loans	As at 31st March 2019, the carrying value of Term Loan from Yes Bank was Rs.1211.83 lacs (as at 31st March 2018: Rs.NIL lacs), as given in Note 17 of the Financial Statements. These investments form 9.92% (NIL%) of the total Liabilities of the Company, and are hence considered to be of one of most significant matters in the audit.	The Term Loan from Yes Bank utilised as follows : 1. Purchase of immovable property Rs.565.00 Lacs appearing as advance to seller (pending legal formalities for sale), grouped under sundry creditors. 2. Rs. 635.00 Lacs paid towards construction advance to Vendor Company.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditors' report thereon. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016, as amended, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
3. In our opinion, the aforesaid (Standalone) financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The Standalone Ind AS Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid (Standalone) financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**".
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

“Annexure B” to the Independent Auditor's Report of even date on the Standalone Financial Statements of CIAN Agro Industries & Infrastructures Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the Internal financial controls over financial reporting of **CIAN Agro Industries & Infrastructures Limited** as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting. However, properly documented processes/policies for recording of purchase, Sales, Manufacturing activity, inventory, payroll statutory compliances etc., were not available for our verification.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Emphasis of Matter

Attention is drawn to non-availability of properly documented processes/ policies for recording of purchase, Sales, Manufacturing activity, inventory, payroll statutory compliances etc. Tracking of processes to confirm controls was not possible in absence of such documentation. Attention is also drawn in respect of accounting software where no controls are in place and everyone is allowed to pass and rectify the entries in the system. Log regarding the changes made in the system not maintained. However, our opinion is not qualified on the above matters.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note 1 : SIGNIFICANT ACCOUNTING POLICIES**Corporate Information**

CIAN Agro Industries & Infrastructure Ltd. referred to as "CIAN" or "The Company" was incorporated on 13th Day of September 1985 under the name of Umred Agro Complex Ltd. It was renamed to its present name in the year 2015. It is listed on the BSE Limited in India. The Company is primarily engaged in three divisions – Agro, Healthcare and Infrastructure.

1.1 Basis for preparation of accounts**Statement of compliance**

The accounts have been prepared in accordance with Ind AS and Disclosures thereon comply with requirements of Ind AS, stipulations contained in Schedule- III (revised) as applicable under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules 2014, Companies (Indian Accounting Standards) Rules 2015 as amended from time to time, other pronouncements of ICAI, provisions of the Companies Act and Rules and guidelines issued by SEBI as applicable.

Up to financial year ended on 31st March, 2017, the company had prepared the accounts according to the Previous GAAP. The financial statements for the year ended 31st March 2018 are the first to have been prepared in accordance with IND AS.

1.2 Use of Estimates

Ind AS enjoins management to make estimates and assumptions related to financial statements that affect reported amount of assets, liabilities, revenue, expenses and contingent liabilities pertaining to the year. Actual result may differ from such estimates. Any revision in accounting estimates is recognized prospectively and material revision, including its impact on financial statements, is reported in the notes to accounts in the year of incorporation of revision.

1.3 First time adoption of IND AS

The Company has adopted Ind AS w.e.f. 1st April, 2017 with a transition date of 1st April, 2016. Accordingly, financial statements for the year ended 31st March, 2018 together with the comparative information for the year ended 31st March, 2017 and opening Ind AS balance sheet as at 1st April, 2016 have been prepared in accordance with accounting policies as set out in Note 1 - "Significant Accounting Policies". The Company has prepared its opening Ind AS balance sheet as at 1st April, 2016 by recognizing assets and liabilities whose recognition is required by Ind AS, derecognizing assets and liabilities which are not permitted by Ind AS, reclassifying assets and liabilities as required by Ind AS, and applying Ind AS measurement principles, subject to certain optional exemptions and mandatory exemptions. The resulting difference between the carrying values of the assets and liabilities as at the transition date under Ind AS and Previous GAAP have been adjusted directly against "Other Equity". The policies & exemptions followed & availed in transition to Ind AS by Company is set out below:-

1.4 Property, Plant and Equipment

- A. These tangible assets are held for use in production, supply of goods or for administrative purposes. These are recognised and carried under cost model i.e. cost less accumulated depreciation and impairment loss, if any which is akin to recognition criteria under erstwhile GAAP.
- B. Cost includes freight, duties, taxes (other than those recoverable by the entity) and other expenses directly incidental to acquisition, bringing the asset to the location and installation including site restoration up to the time when the asset is ready for intended use. Such costs also include borrowing cost if the recognition criteria are met.
- C. When a major inspection/repair occurs, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. Any remaining carrying amount of the cost of previous inspection/repair is de recognised.
- D. Depreciation has been provided on straight line method in terms of expected life span of assets as referred to in Schedule II of the Companies Act, 2013. The residual value and useful life is reviewed annually and any deviation is accounted for as a change in estimate.
- E. Spare parts which meet the definition of Property, Plant and Equipment are capitalized as Property, Plant and Equipment. In other cases, the spare parts are inventorised on procurement and charged to Statement of Profit and Loss on consumption.
- F. On the date of transition to Ind AS i.e 1st April 2016, the Company has elected to continue with the carrying value of the Property, Plant and Equipment existing as per previous GAAP and use that as its deemed cost.

1.5 Recognition of Income and Expenses

1. Revenue from the sale of goods shall be recognized when all the following conditions have been satisfied:
 - a. the entity has transferred to the buyer the significant risks and rewards of ownership of the goods;
 - b. the entity retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
 - c. the amount of revenue can be measured reliably;
 - d. it is probable that the economic benefits associated with the transaction will flow to the entity; and
 - e. the costs incurred or to be incurred in respect of the transaction can be measured reliably.

2. Sales are measured at the fair value of consideration received or receivable. Sales recognised is net of Sales tax, Service tax, Goods and Services tax (GST), rebates and discount but gross of Excise Duty.
3. Other incomes have been recognised on accrual basis in financial statements.
4. Interest income is recognised using effective interest rate (EIC) method.

1.6 Fair value measurement

The Company measures certain financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability also reflects its non-performance risk. The Company regularly reviews significant unobservable inputs and valuation adjustments. If the third-party information, such as broker quotes or pricing services, is used to measure fair values, then the Company assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

While measuring the fair value of an asset or liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation technique as follows:

Level 1 : quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 : inputs other than quoted prices included in Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)

Level 3 : inputs for the assets or liability that are not based on observable market data (unobservable inputs)

Certain accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. When quoted price in active market for an instrument is available, the Company measures the fair value of the instrument using that price. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there are no quoted prices in an active market, then the Company uses a valuation technique that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

The best estimate of the fair value of a financial instrument on initial recognition is normally the transaction price – i.e. the fair value of the consideration given or received. If the Company determines that the fair value on initial recognition differs from the transaction price and the fair value is evidenced neither by a quoted price in an active market for an identical asset or liability nor based on a valuation technique for which any unobservable inputs are judged to be insignificant in relation to the measurement, then the financial instrument is initially measured at fair value, adjusted to defer the difference between the fair value on initial recognition and the transaction price.

Subsequently that difference is recognised in Statement of Profit and Loss on an appropriate basis over the life of the instrument but no later than when the valuation is wholly supported by observable market data or the transaction is closed out.

1.7 Financial Instruments

1.7.1 Financial Assets

1. Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

2. Subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial assets. Based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial asset, the Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit and loss.

a. Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

The asset is held within a business model whose objective is

- To hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss.

b. Debt instruments at Fair value through Other Comprehensive Income (FVOCI)

A 'debt instrument' is measured at the fair value through other comprehensive income if both the following conditions are met:

The asset is held within a business model whose objective is achieved by both

- Collecting contractual cash flows and selling financial assets
- Contractual terms of the asset give rise on specified dates to cash flows that are SPPI on the principal amount outstanding.

After initial measurement, these assets are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment are recognised in the Statement of Profit and Loss. Other net gains and losses are recognised in other comprehensive Income.

c. Debt instruments at Fair value through profit and loss (FVTPL)

Fair value through profit and loss is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorisation as at amortised cost or as FVOCI, is classified as at FVTPL. After initial measurement, any fair value changes including any interest income, foreign exchange gain and losses, impairment loss and other net gains and losses are recognised in the Statement of Profit and Loss.

1.7.2 Financial Liabilities

1. Initial recognition and measurement

Financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument. All financial liabilities are initially measured at fair value net off, for a financial liability not at fair value through profit and loss, transaction costs that are directly attributable to the respective financial liability.

2. Subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial liabilities. The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit and loss.

a. Financial Liabilities measured at amortised cost

After initial recognition, financial liabilities other than those which are classified at fair value through profit and loss are subsequently measured at amortised cost using the effective interest rate method ("EIR"). Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

b. Financial Liabilities at fair value through profit and loss (FVTPL)

A financial liability is classified as at fair value through profit and loss if it is misclassified as held-for-trading or is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and changes therein, including any interest expense, are recognised in Statement of Profit and Loss.

1.7.3 Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognized. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

1.8 Classification of Assets and Liabilities as Current and Non-Current

All assets and liabilities are classified as current or non-current as per the Company's normal operating cycle (determined at 12 months) and other criteria set out in Schedule III of the Act.

1.9 Inventories

Inventories comprises of raw materials, stock-in-progress, finished goods and consumable stores. Inventories are valued at cost or estimated net realizable value after providing for obsolescence and other losses, where considered necessary. The cost of inventories comprises of all cost of purchase, cost of conversion and other cost incurred in bringing inventories to their present location and condition. In the case of raw materials, stores and spares, and finished goods, cost is determined on the First-In-First-Out (FIFO) basis.

1.10 Income Tax and Deferred Tax

1. Income-tax Assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, by the end of reporting period.
2. Current Tax items are recognized in correlation to the underlying transaction either in the Statement of Profit and Loss, other comprehensive income or directly in equity.
3. Deferred tax is provided using the Balance Sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.
4. Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses.
5. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.
6. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.
7. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.
8. Deferred Tax items are recognized in correlation to the underlying transaction either in the Statement of Profit and Loss, other comprehensive income or directly in equity.
9. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

1.11 Employee Benefits

Liabilities in respect of employee benefits to employees are provided for as follows:

1.11.1 Short-term employee benefits

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be incurred when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

1.11.2 Post Separation Employee Benefit Plans

i. Defined Benefit Plan:

Gratuity Liability is calculated using projected unit credit method as prescribed by IND AS-19. Liability recognized in the Balance Sheet in respect of gratuity is the present value of the defined benefit obligation at the end of each reporting period. The present value of defined benefit is determined by discounting the estimated future cash outflows by reference to market yield on government bonds that have terms approximate to the terms of the related obligation. The interest cost is calculated by applying the discount rate to the Opening Balance of the defined benefit obligation. This cost is included in employee benefit expense in the Statement of Profit and Loss.

ii. Defined Contribution Plans:

Company contributes its share of contribution to Employees Provident Fund in a scheme notified by Central Government and same is recognized in Statement of Profit and Loss Account as Employee Benefits.

1.12 Provisions, Contingent Liability and Contingent Assets

1. Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expenses relating to a provision is presented in the Statement of Profit and Loss net of reimbursements, if any.
2. Contingent liabilities are possible obligations whose existence will only be confirmed by future events not wholly within the control of the Company, or present obligations where it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured with sufficient reliability. Contingent liabilities are not recognized in the financial statements but are disclosed unless the possibility of an outflow of economic resources is considered remote.

1.13 Operating Segments

According to the Ind AS 108, The Company has three segments- Agro, Healthcare and Infrastructure. These segments are categorized based on items that are individually identifiable to that segment. The entity has disclosed information required by it as per PARA 31 of Ind AS-108. Management believes that it is not practical to provide segmental disclosure relating to certain cost and expenses that are not specifically allocable to the segments, & accordingly these expenses are separately disclosed as "Unallocated" & adjusted against the total income of the company.

The Company has identified the Chief Operating Decision Maker (CODM) as its Managing Director.

The CODM reviews the performance of the segments' business on an overall business.

1.14 Earnings Per Share

Basic Earnings per share is calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit for the period attributed to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

1.15 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, overdrafts with financial institutions, deposits held at call with financial institutions, other shorter highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

1.16 Cash Flows

Cash flows are reported using the indirect method, where by net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

1.17 Foreign Currency Transactions

1.17.1 Monetary items:

Transactions in foreign currencies are initially recorded at their respective exchange rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at exchange rates at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in Statement of Profit and Loss either as profit or loss on foreign currency transaction.

1.17.2 Non-Monetary items :

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

1.18 Classification of Income / Expenses

1. Prepaid expenses are charged to revenue as and when incurred.
2. Incomes/expenditures in aggregate pertaining to prior year(s) are corrected retrospectively in the first set of financial statements approved for issue after their discovery by restating the comparative amounts and/or restating the opening Balance Sheet.

Note 31 Segment Reporting**A. General Information**

(a) Factors used to identify the entity's reportable segments, including the basis of organisation

Based on the criteria as mentioned in Ind-As-108-"Operating Segment", the Company has identified its reportable segments, as follows:

- Segment-1 Agro Products
- Segment-2, Healthcare
- Segment-3, Infrastructure

Unallocable - Expenses which are common among the segments and could not be allocated are categorised under unallocable.

The Chief Operating Decision Maker ("CODM") evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by operating segments. The CODM reviews revenue and gross profit as the performance indicator for all of the operating segments

The company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax

Significant management judgement is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income and the period over which deferred income tax assets will be recovered. Any changes in future taxable income would impact the recoverability of deferred tax assets.

Tax losses carried forward

Deferred tax assets have been recognised in respect of unused tax losses incurred only upto Assessment Year 2016-17, because tax assessment of the Company has been completed upto that financial year. Deferred tax assets in respect of losses of the succeeding Assessment Years has not been recognised.

Note 36 Financial Instruments

C. Financial Risk Management

The Company has exposure to the following risks arising from financial instruments:

- i) Credit Risk
- ii) Liquidity Risk
- iii) Market Risk

i. Credit risk

Credit risk is the risk of financial loss to the Company if a counter party to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's cash and bank deposits kept with banks, receivables from joint operators and loan to subsidiary. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of counter party.

The maximum exposure to credit risk in case of all the financial instruments covered below is restricted to their respective carrying amount.

Cash and cash equivalents

The Company held cash and cash equivalents with banks with good credit ratings.

Other Bank balance - Fixed Deposits with Bank

The Company has fixed deposits with banks with good credit ratings.

Receivables from subsidiaries

The Company had receivables from subsidiaries on each reporting dates. However, credit risk for these receivables are considered to be insignificant as the Company does not foresee any risk since these are receivable from subsidiaries.

Other receivables

The credit worthiness of receivables from others is evaluated by the management on an ongoing basis and is considered to be good.

Note 37 Financial instruments – Fair values and risk management (continued)

ii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Exposure to liquidity risk

The table below analyses the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non derivative financial liabilities. The amounts are gross and undiscounted, and includes contractual interest payments.

iii. Market Risk

Market risk is the risk of loss of future earnings, or future cash flows arising out of changes in Market Conditions of Agro Industry, Healthcare Industry & Infrastructure Industry, which include changes in prices of Raw Material (indigenously procured as well as import) .

Currency risk

The Company is exposed to currency risk on account of its operating activities. The functional currency of the Company is Indian Rupee. The exchange rate between the Indian rupee and foreign currencies has changed substantially in recent periods and may continue to fluctuate substantially in the future.

Exposure to currency risk

The currency profile of financial assets and financial liabilities as at March 31, 2019 and March 31, 2018 are as below:

Notes forming part of the Financial Statement

Note 39 Financial instruments – Fair values and risk management (continued)**Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing instruments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing instruments will fluctuate because of fluctuations in the interest rates.

The Company's exposure to market risk for changes in interest rates relates to fixed deposits with and borrowings from the Banks.

For details of the Company's long term loans and borrowings, including interest rate profiles, refer to Note 17 of these financial statements.

Fair value sensitivity analysis for fixed-rate instruments

The company's fixed rate deposits with banks are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flow will fluctuate because of a change in market interest rates.

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / (decreased) profit or loss by amounts shown below. This analyses assumes that all other variables, remain constant. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period. The impact is indicated on the profit/(loss) before tax.

Note 41 Capital Management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders

The Company has adequate cash and bank balances. The company monitors its capital by a careful scrutiny of the cash and bank balances, and a regular assessment of any debt requirements

The Corporation monitors capital using a ratio of 'adjusted net debt' to 'adjusted equity'. For this purpose, adjusted net debt is defined as total liabilities, comprising interest-bearing loans and borrowings as reduced by cash and cash equivalents. Adjusted equity comprises all components of equity.

In March 2019, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) Amendment Rules, 2019 notifying Ind AS 116 "Leases", which replaces Ind AS 17 and is effective from 1st April 2019. The core principle of this standard is that in case of a lessee most of the leases are to be recognised in the balance sheet as Right of use asset on the asset side and lease liability on liability side of balance sheet. The new standard also provides two broad alternative transition options- Retrospective method and cumulative effect method. The Company is in the process of evaluating the impact of new leases standard.

Independent Auditor's Report

**To the Members of
CIAN Agro Industries & Infrastructures Limited
Report on the Consolidated Ind AS Financial Statements**

OPINION

We have audited the accompanying consolidated Ind AS financial statements of **CIAN Agro Industries & Infrastructures Limited** ("the Holding Company") and its subsidiaries (collectively referred to as "the Group") which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss, Cash Flow Statement for the year then ended March 31, 2019, the consolidated statement of changes in equity for the year then ended and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including Ind AS, of the state of affairs of the Company as at March 31, 2019, and its Profit & Loss and its Cash Flow for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the SAs specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of the financial statement section of our report. We are independent of the company in accordance with the code of ethics issued by the ICAI together with the ethical requirements that are relevant to our audit of the FS under the provisions of Companies Act 2013 and the rules there under and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the FS of the current period. These matters were addressed in the context of our audit of the financial statement as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters (KAM)

Sr. No.	Description of Key Audit Matter	Why the matter was considered to be one of most significance in the audit	How the matter was addressed in the audit
1	Investments in shares of subsidiaries: The investments are carried at the cost less impairment provision, if any. The Company is responsible for assessing the investments for any indicators of impairment. However, in the light of proposed merger of subsidiaries the management has considered it prudent not to provide for the impairment.	As at 31st March 2019, the carrying value of investment in subsidiaries was Rs. 1311.08.00 lacs (as at 31st March 2018: Rs.1323.69 lacs), as given in Note 3 of the Financial Statements. These investments form 10.73% (14.31%) of the total assets of the Company, and are hence considered to be of one of most significant matters in the audit.	We have verified the existence and the rights of the Company on the investments in shares of subsidiaries. The Company has initiated a plan of merger of its subsidiaries viz Jairam Infraventures Pvt. Ltd and Purti Agrotech Ltd. with itself as such, management considers the Investment in subsidiary companies as unimpaired. We have reviewed the management's process of identifying indicators of impairment of investments.
2	Inventory of stores and Spares.	As at 31st March 2019, the carrying value of Inventory of stores and spares was Rs.2859.72 lacs (as at 31st March 2018: Rs.34.19 lacs), as given in Note 7 of the Financial Statements. These investments form 23.41% (0.37%) of the total assets of the Company, and are hence considered to be of one of most significant matters in the audit.	We have verified the documents of ownership of the items listed under stores and spares. As mentioned in Note 2(a) of Annexure A to the Independent Audit Report, the physical verification of the inventory has been carried out and certified by the management. We have verified the valuation of the inventory which is in line with the accounting policy of the Company.

Sr. No.	Description of Key Audit Matter	Why the matter was considered to be one of most significance in the audit	How the matter was addressed in the audit
3	Non-Current Liabilities : Secured Loans	As at 31st March 2019, the carrying value of Term Loan from Yes Bank was Rs.1211.83 lacs (as at 31st March 2018: Rs.NIL lacs), as given in Note 17 of the Financial Statements. These investments form 9.92% (NIL%) of the total Liabilities of the Company, and are hence considered to be of one of most significant matters in the audit.	The Term Loan from Yes Bank utilised as follows : 1. Purchase of immovable property Rs.565.00 Lacs appearing as advance to seller (pending legal formalities for sale), grouped under sundry creditors. 2. Rs. 635.00 Lacs paid towards Construction Advance to Vendor company.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the Statements of the subsidiaries' of the Purti Agrotech Ltd. And Jairam Infrastructure Pvt. Ltd. Included in the Consolidated Financial Statements of the Company, whose financial statements reflect total assets of Rs. 8,936.46 Lacs as at 31.03.2019 and the total turnover of Rs2,372.15 Lacs for the year ended 31.03.2019, as considered in Consolidated Financial Statements have been audited by the subsidiaries' auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of subsidiaries, is based solely on the report of such subsidiaries' auditors. Our opinion is not modified in respect of these matters.

During the year Purti Agrotech Ltd. has acquired 100% subsidiary M/s Jupiter Metals Products Private Limited with effect from 31.3.2019. The Company has made investment in equity shares of Jupiter Metals Products Private Limited for Rs. 10.69 Lacs.

•Report on Other Legal and Regulatory Requirements

1. As required by section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The Consolidated Ind AS Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid (Consolidated) financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure A**".
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

**“Annexure A” to the Independent Auditor's Report of even date on the Consolidated Financial Statements of CIAN Agro Industries & Infrastructures Limited
Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013**

We have audited the Internal financial controls over financial reporting of **CIAN Agro Industries & Infrastructures Limited and its Subsidiaries** as of March 31, 2019 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting. However, properly documented processes/policies for recording of purchase, Sales, Manufacturing activity, inventory, payroll statutory compliances etc., were not available for our verification.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Emphasis of Matter

Attention is drawn to non-availability of properly documented processes/ policies for recording of purchase, Sales, Manufacturing activity, inventory, payroll statutory compliances etc. Tracking of processes to confirm controls was not possible in absence of such documentation. Attention is also drawn in respect of accounting software where no controls are in place and everyone is allowed to pass and rectify the entries in the system. Log regarding the changes made in the system not maintained. However, our opinion is not qualified on the above matters.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Impaired amounts are based on lifetime expected losses based on the best estimate of the management. Further, management believes that the unimpaired amounts that are past due by more than 180 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk.

Note 33 Segment Reporting

A. General Information

- (a) Factors used to identify the entity's reportable segments, including the basis of organisation
- Based on the criterion as mentioned in Ind-As-108-"Operating Segment", the Company has identified its reportable segments, as follows:
- Segment-1 Agro Products
 - Segment-2, Healthcare
 - Segment-3, Infrastructure

Unallocable - Expenses which are common among the segments and could not be allocated are categorised under unallocable.

The Chief Operating Decision Maker ("CODM") evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by operating segments. The CODM reviews revenue and gross profit as the performance indicator for all of the operating segments.

- (b) During the Financial year 2018-19, the entity has changed the structure of its internal organisation that causes the composition of its reportable segments to change, also the company has restated the information for earlier periods to reflect the change.

(ii) The discount rate are based on the benchmark yields available on Government Bonds at the valuation date with terms matching that of the liabilities and the salary increase rates take into account inflation, seniority, promotion and other relevant factors.	
(D) Narrations	
1 Analysis of Defined Benefit Obligation	The resultant liability at the end of the period over the beginning of the period has increased by 3.98%.
2 Expected rate of return basis	Scheme is not funded EORA is not applicable
3 Description of Plan Assets and Reimbursement Conditions	Not Applicable
4 Investment / Interest Risk	Since the scheme is unfunded the Company is not exposed to Investment / Interest risk
5 Longevity Risk	The Company is not exposed to risk of the employees living longer as the benefit under the scheme ceases on the employee separating from the employer for any reason
6 Risk of Salary Increase	The Company is exposed to higher liability if the future salaries rise more than assumption of salary escalation.

7 Discount rate

The discount rate has remain unchanged and hence there is no change in liability resulting in no actuarial gain or loss due to change in discount rate

- (E) As per the information provided in the actural report, the gratuity scheme is not funded by any assets of the company.
- (F) The company has not created any provision of employee benefits for related party and key managerial personnel in accordance with Ind AS 24.
- (G) In view of the above, the management is of the view that no additional disclosure is required in terms of Indian Accounting Standard 19 on "Employee Benefits" notified under Section 133 of the Companies Act, 2013 [Companies (Indian Accounting Standards) Rules, 2015].

Note 38 Financial Instruments**C. Financial Risk Management**

The Company has exposure to the following risks arising from financial instruments:

- i) Credit Risk
- ii) Liquidity Risk
- iii) Market Risk

i. Credit risk

Credit risk is the risk of financial loss to the Company if a counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's cash and bank deposits kept with banks, receivables from joint operators and loan to subsidiary. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of counter party.

The maximum exposure to credit risk in case of all the financial instruments covered below is restricted to their respective carrying amount.

Cash and cash equivalents

The Company held cash and cash equivalents with banks with good credit ratings.

Other Bank balance - Fixed Deposits with Bank

The Company has fixed deposits with banks with good credit ratings.

Receivables from subsidiaries

The Company had receivables from subsidiaries on each reporting dates. However, credit risk for these receivables are considered to be insignificant as the Company does not foresee any risk since these are receivable from subsidiaries.

Other receivables

The credit worthiness of receivables from others is evaluated by the management on an ongoing basis and is considered to be good.

Note 39 Financial Instruments – Fair values and risk management (continued)**ii. Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Exposure to liquidity risk

The table below analyses the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non derivative financial liabilities. The amounts are gross and undiscounted, and includes contractual interest payments.

Note 41 Financial instruments – Fair values and risk management (continued)**Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing instruments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing instruments will fluctuate because of fluctuations in the interest rates. The Company's exposure to market risk for changes in interest rates relates to fixed deposits with and borrowings from the Banks.

For details of the Company's long term loans and borrowings, including interest rate profiles, refer to Note 19 of these financial statements.

Fair value sensitivity analysis for fixed-rate instruments

The company's fixed rate deposits with banks are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flow will fluctuate because of a change in market interest rates.

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased / (decreased) profit or loss by amounts shown below. This analyses assumes that all other variables, remain constant. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period. The impact is indicated on the profit/(loss) before tax.

Note 43 Capital Management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders

The Company has adequate cash and bank balances. The company monitors its capital by a careful scrutiny of the cash and bank balances, and a regular assessment of any debt requirements

The Corporation monitors capital using a ratio of 'adjusted net debt' to 'adjusted equity'. For this purpose, adjusted net debt is defined as total liabilities, comprising interest-bearing loans and borrowings as reduced by cash and cash equivalents. Adjusted equity comprises all components of equity.

Note 48 Standard issued but not yet effective

In March 2019, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) Amendment Rules, 2019 notifying Ind AS 116 "Leases", which replaces Ind AS 17 and is effective from 1st April 2019. The core principle of this standard is that in case of a lessee most of the leases are to be recognised in the balance sheet as Right of use asset on the asset side and lease liability on liability side of balance sheet. The new standard also provides two broad alternative transition options- Retrospective method and cumulative effect method. The Company is in the process of evaluating the impact of new leases standard.

Note 1: SIGNIFICANT ACCOUNTING POLICIES

Corporate Information

CIAN Agro Industries & Infrastructure Ltd. referred to as "CIAN" or "The Company" was incorporated on 13th Day of September 1985 under the name of Umred Agro Complex Ltd. It was renamed to its present name in the year 2015. It is listed on the BSE Limited in India. The Company is primarily engaged in three divisions – Agro, Healthcare and Infrastructure.

1.1 Basis for preparation of accounts

Statement of compliance

The accounts have been prepared in accordance with Ind AS and Disclosures thereon comply with requirements of Ind AS, stipulations contained in Schedule- III (revised) as applicable under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules 2014, Companies (Indian Accounting Standards) Rules 2015 as amended from time to time, other pronouncements of ICAI, provisions of the Companies Act and Rules and guidelines issued by SEBI as applicable.

Up to financial year ended on 31st March 2017, the company has prepared the accounts according to the Previous GAAP. The financial statements for the year ended 31st March 2018 are the first to have been prepared in accordance with INDAS. Balance sheets as on 1st April 2016 & on 31st March 2017 have been presented as comparatives. The transition was carried out retrospectively as on the transition date which is 1st April 2016, and for any variation in the amounts represented in the comparative balance sheet vis-à-vis earlier presentation, reconciliation is given as part of notes. Assets and liabilities have been classified as Current or Non-Current on the basis of criteria set out in revised Schedule – III to the Companies Act, 2013

1.2 Use of Estimates

Ind AS enjoins management to make estimates and assumptions related to financial statements that affect reported amount of assets, liabilities, revenue, expenses and contingent liabilities pertaining to the year. Actual result may differ from such estimates. Any revision in accounting estimates is recognized prospectively and material revision, including its impact on financial statements, is reported in the notes to accounts in the year of incorporation of revision.

1.3 Principles of Consolidation:

Subsidiaries

Subsidiaries are all entities (including structured entities) that are controlled by the Company. Control exists when the Company is exposed to or has the ability to affect those returns through power over the entity. In assessing control, potential voting rights are considered only if the rights are substantive. The financial statements of subsidiaries are included in these consolidated financial statements from the date that control commences until the date that control ceases. For the purpose of preparing these consolidated financial statements, the accounting policies of subsidiaries have been changed where necessary to align them with the policies adopted by the Company.

Upon loss of control, the Company derecognizes the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognized in the consolidated income statement. If the Company retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently, it is accounted for as an equity-accounted investee or as an available-for-sale financial asset, depending on the level of influence retained.

Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealized income and expenses arising from intra-group transactions, are eliminated in full while preparing these consolidated financial statements. Unrealized gains or losses arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Company's interest in the investee.

1.4 Property, plant and equipment

These tangible assets are held for use in production, supply of goods or for administrative purposes. These are recognised and carried under cost model i.e. cost less accumulated depreciation and impairment loss, if any which is akin to recognition criteria under erstwhile GAAP.

1. Cost includes freight, duties, taxes (other than those recoverable by the entity) and other expenses directly incidental to acquisition, bringing the asset to the location and installation including site restoration up to the time when the asset is ready for intended use. Such costs also include borrowing cost if the recognition criteria are met.
2. When a major inspection/repair occurs, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. Any remaining carrying amount of the cost of previous inspection/repair is de recognized.
3. Depreciation has been provided on straight line method in terms of expected life span of assets as referred to in Schedule II of the Companies Act, 2013. The residual value and useful life is reviewed annually and any deviation is accounted for as a change in estimate.
4. Spare parts which meet the definition of Property, Plant and Equipment are capitalized as Property, Plant and Equipment. In other cases, the spare parts are inventorised on procurement and charged to Statement of Profit and Loss on consumption.
5. On the date of transition to Ind AS i.e. 1st April 2016, the Company has elected to continue with the carrying value of the Property, Plant and Equipment existing as per previous GAAP and use that as its deemed cost.

1.5 Recognition of Income & Expenses

1. Sales have been recognized with the transfer of significant risk and rewards of ownership of the goods with the company losing effective control or the right to managerial involvement thereon and the revenue (representing future economic benefit associated with the transaction) including cost incurred or to be incurred in respect of the transaction are measurable reliably and the recovery of the consideration is probable.
2. Sales are measured at the fair value of consideration received or receivable. Sales recognized is net of Sales tax, Service tax, Goods and Services tax (GST), rebates and discount but gross of Excise Duty.
3. Other incomes have been recognized on accrual basis in financial statements.
4. Interest income is recognized using effective interest rate (EIC) method.

1.6 Fair Value measurement

The Company measures certain financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability also reflects its non-performance risk. The Company regularly reviews significant unobservable inputs and valuation adjustments. If the third-party information, such as broker quotes or pricing services, is used to measure fair values, then the Company assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

While measuring the fair value of an asset or liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation technique as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3: inputs for the assets or liability that are not based on observable market data (unobservable inputs)

Certain accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. When quoted price in active market for an instrument is available, the Company measures the fair value of the instrument using that price. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there are no quoted prices in an active market, then the Company uses a valuation technique that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

The best estimate of the fair value of a financial instrument on initial recognition is normally the transaction price – i.e. the fair value of the consideration given or received. If the Company determines that the fair value on initial recognition differs from the transaction price and the fair value is evidenced neither by a quoted price in an active market for an identical asset or liability nor based on a valuation technique for which any unobservable inputs are judged to be insignificant in relation to the measurement, then the financial instrument is initially measured at fair value, adjusted to defer the difference between the fair value on initial recognition and the transaction price.

Subsequently that difference is recognised in Statement of Profit and Loss on an appropriate basis over the life of the instrument but no later than when the valuation is wholly supported by observable market data or the transaction is closed out.

1.7 Financial instruments

1.7.1 Financial Assets

1. Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

2. Subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial assets. Based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial asset, the Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit and loss.

a. Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

The asset is held within a business model whose objective is

- To hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss.

b. Debt instruments at Fair value through Other Comprehensive Income (FVOCI)

A 'debt instrument' is measured at the fair value through other comprehensive income if both the following conditions are met:

The asset is held within a business model whose objective is achieved by both

- Collecting contractual cash flows and selling financial assets
- Contractual terms of the asset give rise on specified dates to cash flows that are SPPI on the principal amount outstanding.

After initial measurement, these assets are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment are recognised in the Statement of Profit and Loss. Other net gains and losses are recognised in other comprehensive Income.

c. Debt instruments at Fair value through profit and loss (FVTPL)

Fair value through profit and loss is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorisation as at amortised cost or as FVOCI, is classified as at FVTPL. After initial measurement, any fair value changes including any interest income, foreign exchange gain and losses, impairment loss and other net gains and losses are recognised in the Statement of Profit and Loss.

1.7.2 Financial Liabilities**1. Initial recognition and measurement**

Financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument. All financial liabilities are initially measured at fair value net off, for a financial liability not at fair value through profit and loss, transaction costs that are directly attributable to the respective financial liability.

2. Subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial liabilities. The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit and loss.

a. Financial Liabilities at fair value through profit and loss (FVTPL)

A financial liability is classified as at fair value through profit and loss if it is classified as held-for-trading or is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and changes therein, including any interest expense, are recognised in Statement of Profit and Loss.

b. Financial Liabilities measured at amortised cost

After initial recognition, financial liabilities other than those which are classified as fair value through profit and loss are subsequently measured at amortised cost using the effective interest rate method ("EIR"). Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

1.7.3 Loans and borrowings After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognized. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

1.8 Classification of Assets and Liabilities as Current and Non-Current:

All assets and liabilities are classified as current or non-current as per the Company's normal operating cycle (determined at 12 months) and other criteria set out in Schedule III of the Act.

1.9 Inventory

Inventories comprises of raw materials, stock-in-progress, finished goods and consumable stores. Inventories are valued at lower of cost or estimated net realizable value after providing for obsolescence and other losses, where considered necessary. The cost of inventories comprises of all cost of purchase, cost of conversion and other cost incurred in bringing inventories to their present location and condition. In the case of raw materials, stores and spares, and finished goods, cost is determined on the First-In-First-Out (FIFO) basis.

1.10 Taxes on Income

1. Income-tax Assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, by the end of reporting period.
2. Current Tax items are recognized in correlation to the underlying transaction either in the Statement of Profit and Loss, other comprehensive income or directly in equity.
3. Deferred tax is provided using the Balance Sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

4. Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses.
5. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.
6. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.
7. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.
8. Deferred Tax items are recognized in correlation to the underlying transaction either in the Statement of Profit and Loss, other comprehensive income or directly in equity.
9. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

1.11 Employee Benefits

Liabilities in respect of employee benefits to employees are provided for as follows:

1. Short-term employee benefits

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be incurred when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

2. Post Separation Employee Benefit Plans

a. Defined Benefit Plan :

Gratuity Liability is calculated using projected unit credit method as prescribed by INDAS-19. Liability recognised in the Balance Sheet in respect of gratuity is the present value of the defined benefit obligation at the end of each reporting period. The present value of defined benefit is determined by discounting the estimated future cash outflows by reference to market yield on government bonds that have terms approximate to the terms of the related obligation. The interest cost is calculated by applying the discount rate to the Opening Balance of the defined benefit obligation. This cost is included in employee benefit expense in the Statement of Profit and Loss.

b. Defined Contribution Plans :

Company contributes its share of contribution to Employees Provident Fund in a scheme notified by Central Government and same is recognised in Statement of Profit and Loss Account as Employee Benefits.

1.12 Provisions, Contingent Liabilities and Capital Commitments

1. Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expenses relating to a provision is presented in the Statement of Profit and Loss net of reimbursements, if any.
2. Contingent liabilities are possible obligations whose existence will only be confirmed by future events not wholly within the control of the Company, or present obligations where it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured with sufficient reliability. Contingent liabilities are not recognized in the financial statements but are disclosed unless the possibility of an outflow of economic resources is considered remote.

1.13 Earnings per share

Basic Earnings per share is calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit for the period attributed to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

1.14 Cash and Cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, overdrafts with financial institutions, deposits held at call with financial institutions, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

1.15 Cash Flows

Cash flows are reported using the indirect method, where by net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

1.16 Foreign Currency Transactions**Functional and presentation currency**

Items included in the financial statements of each of the group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The consolidated financial statements are presented in Indian rupee (INR), which is company's functional and presentation currency.

Transactions and balances**Monetary items:**

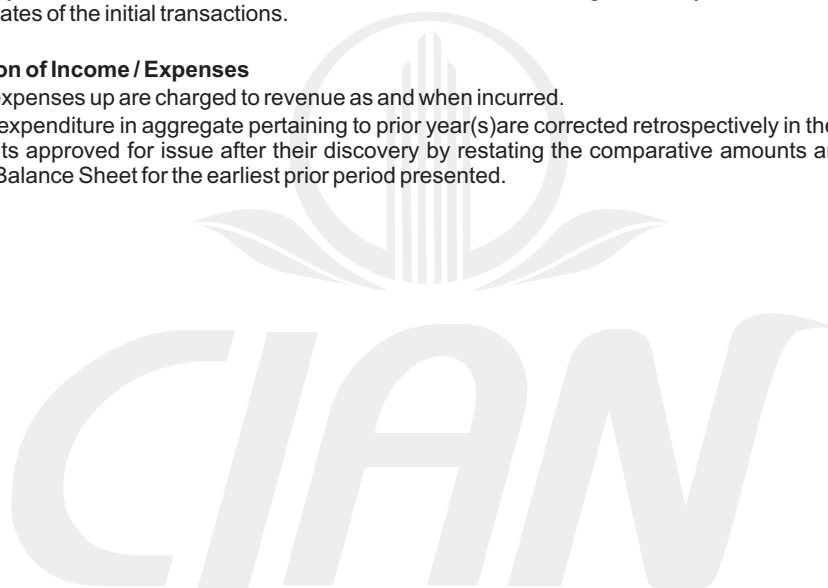

Transactions in foreign currencies are initially recorded at their respective exchange rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss.

Non – Monetary items:

Non-monetary items that are measured in terms of historical cost in a foreign currency is translated using the exchange rates at the dates of the initial transactions.

1.17 Classification of Income / Expenses

1. Prepaid expenses up are charged to revenue as and when incurred.
2. Income / expenditure in aggregate pertaining to prior year(s) are corrected retrospectively in the first set of financial statements approved for issue after their discovery by restating the comparative amounts and / or restating the opening Balance Sheet for the earliest prior period presented.

CONSCIOUS EFFORTS TOWARDS SUSTAINABILITY

CIAN has a unique approach towards corporate, product and environmental sustainability. It constantly pursues ways to contribute to the society by offering them products that are revolutionary the way they are manufactured: research driven, empowering local rural produce, fair trade policies, purity, environment friendly. Right through our journey, we have placed paramount importance on developing and nurturing deep and lasting relationships. Our products are not a simple commodity, but a means to satiate, comfort and delight the souls of our customers and create an everlasting bond that lasts for generations. The social responsibility, environmental sustainability and stakeholders satisfaction drive our every move.

Free Health Check-up camp for the needy people of the society

To not just spread awareness but also to ensure accessibility, CIAN has been conducting seminars on Sanitation in various schools. The response has been exemplary and distribution of sanitary napkins to needy girls has been a fulfilling experience.

Enlightenment of younger minds through education remains a key area of focus of us and we encourage students to take up studies by distributing books and notebooks in the slums and nearby less-privileged areas.

Kerala floods captured attention of people from all quarters across the country and CIAN wasn't left behind. CIAN made its contribution by providing sanitary napkins to sisters in Kerala.

BRAND ENRICHMENT INITIATIVES

Renowned and highly acclaimed marathi actress Ms. Nishigandha Wad launched our brand - O'ir in the presence of many other dignitaries. The stellar launch event captivated the attention of everyone in the city.

Saibaba Krishi Pradarshan, Shirdi is one of the biggest exhibitions focusing the agro industry. Our participation in the exhibition was prominent and helped us reach out to thousands of related beneficiaries, customers and general public.

Agrovision, Central India's biggest exhibition for the agro industry is an annual affair and so is our participation. The enthusiasm and response that we get from the massive turnout at the exhibition is encouraging.

Our participation in the National Beauty Seminar and Exhibition organised at Suresh Bhat Auditorium was a major boost to our brand promotion plans.

As a part of our outreach programme, we had organised a massive promotional rally showcasing our products on the auspicious occasion of Gudhi Padva. The activity turned out to be highly effective.
